TREACHERY AND MURDER.

Indians Murder Gen. Canby.

On the 11 inst., Gen. Canby in company with the Peace Commissioners, consisting of Dr. Thomas, A. B. Meachen, Mr. Dyer and Riddle, an interpreter, upon the invitation of the Modocs, and in company with the two Indian messengers who had just brought the invitation, went out to conference with Captain Jack, John Shonchin, Black Jim, Shack Nasty Jim, Hawker Jim, and Ellen's Man, all chiefs of the Modoc tribe. The Indians all had their revolvers in their belts.

Dr. Meachen, Gen. Canby and Dr. Thomas all talked at some length to the Indians, after which Captain Jack talked in a serious, quiet strain for awhile, then finished and stepped back in the rear. John Shonchin then began to talk, when Captain Jack suddenly cried out, "All ready," when every Indian drew his revolver and picked his man. Captain Jack leveling on Gen. Canby and shot him through the head; Canby fell dead. Dr. Thomas was shot dead, Meachen was shot and left for dead, but at last accounts was yet alive.

This happened in sight of the camp of the United States troops, but before the bloody scene could be reached, the Indians had made good their escape in the rocky fastnesses of Tule Lake, on the shore of which the massacre happened.

Gen. Canby was an excellent officer and a good man. Grant's Indian policy killed him.

From later dispatches we learn that the Indians have been driven from their stronghold—the Lava Beds—by Gen. Schofield, who succeeded Gen. Canby. The battle is said to have lasted two days. A number of soldiers were killed.

A dispatch dated San Francisco, April 20, does not confirm the account of the battle.

We would advise GEO. KALER, Sheriff of Vinton county, who was elected to that office by the votes of Democrats, to get the Sheriff's sales, which are directed by law to be inserted in a newspaper of general circulation, printed in such a manner that they can be read and preserved. Look at the Sheriff's sales issued last week! Did anybody "ever see the like?"

How proud the parties in the cases—*Cornelius Karnes vs. The Vinton Furnace and Coal Co.*, *Hamphrey Clark vs. Nicholas Pfifer*, and *John Maderia vs. S. W. Ely et al.*, would feel if some friend should send them a copy of the dirty rag on which these Sheriff's sales are "stuck"—not printed. Who can read them? The publication of sales, or legal advertisements, in this style is illegal.

We wish you, GEO. KALER, Sheriff of Vinton county, to inform the people whether you intend to "keep quiet" and permit anybody to take twenty or thirty dollars off of each of the parties for the performance of work of this disgraceful description? You ought to be ashamed of the sales that have been "sent out" for you! It is difficult for a person to look through a pair of concave-convex specs and tell whether it is yourself or somebody else that is "Sheriff Vinton County." Do you blame M. R. POTTER, of Jackson township, for putting the Radical Organ out of sight of the strangers who visit his house? GEORGE, remember the oath of office you have taken!

The sum of \$120 conscience money was received by the United States Treasurer last week from Newark, N. Y.

The Soldiers and the Salary Steal.

The following letter we find in the Cincinnati *Times* and *Chronicle*, a loyal paper. The soldier expresses the feelings of every veteran in the land:

BEAVERTOWN, MONTGOMERY CO., O., April 19, 1873.

Having read the letter of C. N. T. in your weekly issue of April 3, also the letter from a soldier in last week's paper, I cannot refrain from saying a word on the subject. I fully concur in those sentiments. Where would those Congressmen have been to-day, had it not been for the soldiers? Echo answers, Where? Those public robbers of the people's money, who live in ease and luxury, already receiving ample pay, are not content with a large salary, and must vote themselves more, while the poor soldier is left out in the cold, their petitions ignored, and they shamefully insulted. Will the soldiers of the United States let such things be without saying a word? Will not their voices be heard? We who once saved the Union by our bullets must once more rally for our rights, and with our ballots elect honest men to office, who will work for our interests. General Grant himself is not entirely excusable. He should have vetoed that bill. I voted for him twice, still I think there are as good men in the nation as he is. Fellow-soldiers, let us not be cheated out of what we deserve by designing politicians, but remember them when we shall again cast our votes, and elect them to stay at home and go to work as we have to do now, and earn their bread by the sweat of the brow.

A VETERAN SOLDIER.

The Coroner of Athens county resigned, and then the offices of Sheriff and Coroner were declared vacant by the Commissioners. Judge GUTHRIE thereupon appointed Capt. N. W. WARREN, Sheriff. A. J. REYNOLDS, the absconding Sheriff, has not been heard from since he started for Coolville. In speaking of the two indictments found against him for forging notes, the *Athens Messenger* says: "The way of the transgressor is hard."

ROBESON was appointed interim Secretary of War, last week, during Belknap's absence, and he immediately took himself off to New York, leaving the War and Navy Departments to take care of themselves. It looks as though he was in training for the Presidency.

THAT talk about "new departures" in politics is simple nonsense. What the Democracy ought to do is to march straight into Radical corruption and clean it out. That's what the people want, and they will back the Democracy in the undertaking.

The Chillicothe Advertiser says William Day, of London, Ohio, a few days since felled an oak tree on his farm, the annals of which indicated the tree to be 214 years old. It was five feet six inches in diameter.

The new King of the Sandwich Islands has refused to marry the widow of his predecessor, although she politely requested him to do so. We may expect a fresh impetus to the Woman's Rights movement now.

TWELVE millions of the new 5 per cent. bonds were sent abroad on Saturday last. Thus does Grant's Syndicate make the tax-payers of the U. S. tributary to the money sharks of the Old World.

A grave yard situated on the banks of the Arkansas River, covered in a few days ago and about seven hundred bodies were washed away.

M. JAMIN calls attention to the fact announced by Treve, that the poles of a magnet remove father from the extremities when an armature is applied.

Additional Locals.

Two weeks ago we spoke of the sickness of JOHN J. C. SHOCKEY, second son of J. J. C. SHOCKEY, at St. Louis, Michigan, the residence of his uncle, C. C. PORTER, whom he had accompanied home. He died on Wednesday, April 10th, 1873, of brain fever, at the residence of HENRY SMITH, his uncle, also living at that place, aged 14 years, 5 months and 9 days. His parents reached that place at four o'clock on Friday afternoon—two days after his death. On Monday they started for this place with his remains, reaching here on Wednesday afternoon last. On Thursday morning, April 17th, his remains were buried in the cemetery at this place.

THE anti-dilettante, TONY BARLEON, while the editor of the RECORD was absent last week, took it into his head to be funny. Speaking of the matter in regard to the thunder storm that prevailed here last Wednesday, yesterday afternoon about noon, and numerous other silly things that become an old baboon, that has had his impudent chops slapped by a baby elephant that are too tedious to mention. Tony, did you ever study grammar? Or is that your own grammar?

FRANK DAINBURGE, a young and well known railroad engineer, on the M. & C., while side tracked at Mineral City last Tuesday morning, waiting for the Express east to pass, was instantly killed. There is little known as to the manner of his death, but it is supposed that he got off of his engine and sat down on the main track to await the approach of the express and that while sitting there he fell asleep and was not awakened by the approaching train—consequently was killed.

On Friday afternoon, April 11th, on the east end of the M. & C. road, as the western bound freight was running for a heavy grade, about a mile this side of Napier tunnel, a trestle gave way, the engine and some six or eight cars going through—the engineer, WM. GLEASON, being instantly killed, and the fireman, LEONIDAS JOHNSON, was also injured but not severely, he having saved himself by jumping. Mr. GLEASON was a single man, whose parents reside at Piedmont, West Virginia.

We witnessed quite an interesting scene on Monday evening last—that amusement called "hop-step-jump." Among the participants were H. C. JONES, W. S. SAGE, ISAAC LANTZ, and others "countenous to mention." ISAAC LANTZ appeared to be the "champion jumper"—he having jumped 36 feet. Good enough for ISAAC.

ELEGANT.—When you want goods of the latest styles go to the House of DAN. WILL & BROS., in this town. ARON WILL, of the firm, has just returned from the City with another elegant assortment, consisting of everything suitable for the season, which are going off at reduced prices.

On Thursday evening, May 1st, a musical and literary entertainment will be given at the School House Hall for the benefit of the M. E. Church, of McArthur. Music by the McArthur Brass Band. All are invited. Admission 25 cents, children 15 cents.

THE Lodges and Encampments of the I. O. O. F. of the 48th district, will celebrate the anniversary of the institution of odd fellowship in America, at Logan, Ohio, Saturday, April 26th, '72.

Set together by the ears—Sheaves of wheat.

HENRY CLARE, who has resided four miles north of McArthur, in the northern part of Elk township, for several years, and is known by everybody in this, and adjoining counties, and who is one of the most prominent stock dealers in Southern Ohio, has sold his excellent farm to a gentleman in Perry county, and announces in this paper that he will dispose of a portion of his property at his residence on Thursday, 8th. As HENRY is a very clever fellow and has hosts of friends everywhere, he desires them to come to his sale on that day and see what a fine lot of horses, calves, sheep, young cattle, hogs, farming utensils, &c., he has for sale, to the highest bidder. Be sure and get there by 10 o'clock and hear the terms of sale read. For further particulars, see his advertisement and the hand-bills issued from this office.

HANNIBAL & ST. JOSEPH RAILROAD.—By reference to our advertising columns it will be seen that this road is now running three through passenger trains each way daily, instead of two as heretofore; the large increase in travel over this favorite short route having demanded another daily train for its accommodation.

We are pleased to notice this evidence of the prosperity of the "Old Reliable." It is a popular road and well deserves the popularity it has earned. Its track and equipments are unsurpassed by those of any road in the country. It is managed by men of proved faithfulness and ability, while the officers of the line are widely known as efficient in the discharge of their duties, as well as courteous affable gentlemen.

"Yesterday afternoon a thunder shower commenced about noon."—Tony Casper Barleon.

HENRY ROSS and ALFRED MALONE say that "yesterday afternoon" was a joke on "noon."
